The curriculum of this program is repetitive, students should only register for one week.

JOB BANK

The Job Bank consists of local youth aged 13-17 years old who have gone through the process of completing an application, interview and short training and are ready and willing to work. Examples of jobs in the past have been mother's helper/baby-sitter, help with housework, yard work, organizing, filing, moving, the list goes on and on.

If you are looking for help around your home or your local office, the job bank is the place to find that help!
